

U.S. Patent Application No. 09/880,654
Amendment F (After Final)
July 18, 2005

Remarks

Applicants request re-consideration of the above-referenced patent application.

I. Amendments to Claims

This Amendment F cancels claims 1-5 and 11, and adds new claims 17-19. Thus, claims 6-10 and 16-19 are pending. All pending claims, including the amendments, are shown in the previous section.

Applicants submit that the amendments do not introduce new matter, and are permissible under MPEP §2163.07. Specifically:

Claim 6 has been amended to depend from claim 16 rather than from canceled claim 5 and to delete the subject matter directed to the binding and fluorescent radicals.

Claim 7 has been amended to depend from claim 16 rather than from canceled claim 1.

Claims 7-9 have been amended to be more consistent with claim 16 (*i.e.*, the claim from which they depend).

Claim 10 has been amended to be an independent claim and to incorporate the subject matter from claim 2 (*i.e.*, the claim from which claim 10 depends).

New claims 17-19 depend (directly or indirectly) from claim 10 and correspond to originally-filed claims 7-9.

Applicants reserve the right to pursue any canceled and/or unclaimed subject matter in one or more later-filed divisional and/or continuation applications.

II. Response to the rejection of claims 1-9 and 11 under 35 U.S.C. §103(a)

The Office action rejects claims 1-9 and 11 under 35 U.S.C. §103(a) for being obvious over Heath et al. (U.S. Patent No. 5,235,039), Bromberg (U.S. Patent No. 4,203,670), and Maeda (ANAL. BIOCHEM. 92:222-227 (1979)) in view of Welch et al. (PROC. NATL. ACAD. SCI., 88:10792-10796 (1991)) or Blakeslee et al. (J. IMMUNOL. METHODS, 13(3-4):305-320 (1976)). Claims 1-6 and 11 have been canceled, thus mooted the rejection as to those claims. As to claims 7-9, Applicants request withdrawal of the rejection. As discussed above, Applicants have amended claims 7-9 to depend (directly or indirectly) from claim 16. According to the Office action, claim 16 is allowable. Thus, claims 7-9 should be allowable as well.

III. Response to the objection to claim 10

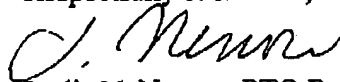

The Office action objects to claim 10 for depending from rejected claim 2. Applicants request withdrawal of the objection. As discussed above, Applicants have amended claim 10 to be an independent claim and to incorporate the subject matter from claim 2.
